

Dear

Hello my name is Phary. I'm 16 years old. I'm studying grade 9. I'm living with my parents. I have seven members in family. My parents is a seller. My mother's Sophie she's 42 years old and father's Reth he's 52 years old. I like studying English because of studying English make me find a good job to do easily in the future. I want to graduate. In the future I want to be a nurse because nurse can earn much money and can help many people that get sickness. So I must try study for in my future. I never want to give up studying please you don't worry about me. My parents always motivate me try to study.

I feel proud excited and happy when you support me like, studying supplies and pay money for study.

I determine try to study I will do good student. I don't make you hopeless about me. I hope that I can meet you again in next year. I like and love you so much I would like wish you good luck good health good long life and encounter about happiness in the family good bye

Reth Phary
